theta delta chi

This year, the house at 314 Memorial Drive has been the residence of some thirty-five brothers and pledges, plus a large yellow dog, Herman.

However, let it not be said that Herman is the only new addition of the year. For social life has been enlivened by the advent of some new parties. One such innovation was a Calypso party, in which a fish net was stretched along the ceiling and walls of the house, soft lights glowed, and music was played to the beat of the samba. The big event of the party was a mass "Limbo Contest," patterned after the dance developed in Trinidad.

As far as activities are concerned, Theta Delts have been well represented in hockey, track, sailing, and basketball as well as Tech Show, **Technique**, and T.C.A.
