Theta Delta Chi

Theta Deuteron charge of Theta Delta Chi was able to record 1959 as another successful year. The high spirit of the house maintained itself through the entire year. We started the term with nine fine pledges, thanks to the efforts of our rushing chairman, Bill Ross. The food was better than ever, thanks to Frank our cook, and our steward Larry Martin; and the house was kept in fine shape, with all credit due to house manager Dwaine "Snow White" Smith and his nine dwarfs.

On the athletic side TDC entered some highly spirited teams in the intramurals. We were well represented in varsity sports with brothers out for hockey, basketball, freshman hockey, and freshman wrestling. Theta Delts were active in many extracurricular activities during the year. For example, Craig Sawyer was secretary of I.F.C. and treasurer of T.C.A., while becoming a first-term junior in Tau Beta Pi.

We livened up the year with a gay social season, highlighted by the fall Pledge Dance and the spring's now infamous "Outhouse Orgy." There were numerous other parties during the year, too, under the direction of social chairman George Felts. These were made even more enjoyable than ever with the innovation of a punch appropriately named "Glug."
