Theta Delta Chi

Theta Delta Chi is an exciting place to live. Hardly a weekend goes by without some social activity in the house, whether it be our annual Red Carnation Weekend which celebrates the entrance of the new brothers, or a relaxing evening of singing by the piano. On campus Theta Delt's go in for Debating Team, Orchestra, Band, *The Tech*, *Technique*, and *VooDoo*. Five brothers formed their own activity, a rock and roll band answering to the name of The Losers, which has since become a big attraction at campus parties.

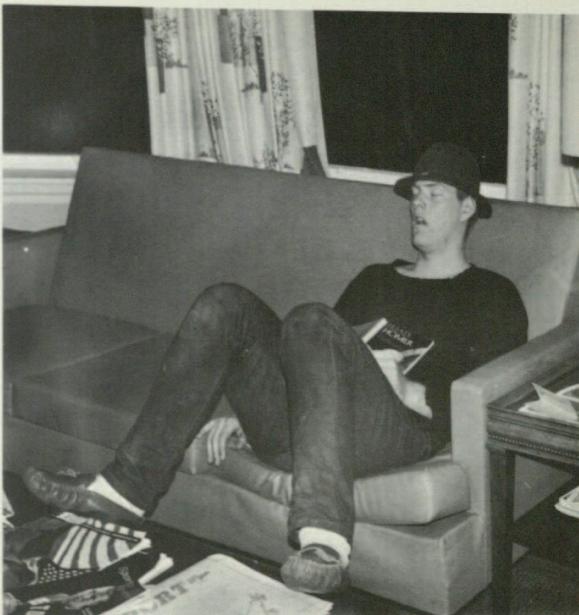

When we need a break from the studying which earned us a 3.9 house cum last term, we look to athletics, where we are represented in every sport except sailing. To most of us, these activities are for having fun, but we welcome victory when it comes.

Each spring we greet a Roving Visitor from the Theta Delta Chi National Fraternity, who conducts a general inspection of the 32 active charges. Last spring we placed highest in this rating of all the charges in New England. At that time our President, already serving his second year in office, received the President's Cup — for the second time.

At Theta Delta Chi we stay on the move and make the most of our college years.
